

ELV-270PRO

SKU: H9995

Self-braking winch stand with 2 sections
Manufactured to ISO DIN 4113 and TÜV standards.

Thanks to its Ø 35 mm top pole, it can be used as a speaker support but also as a lighting bridge or projector elevator by adding a horizontal bar (not supplied).
Self-braking gear winch, combined with quality European components and manufacturing.

Stability is ensured by a carriage and a set of three double articulated crosspieces.
Ergonomic clamping knob to eliminate play in the mast.

Load: 60 kg
Height : 2,70 m
