

STACK290B

SKU: H11810

Stacking spacer for 290 mm aluminium box truss systems. The STACK290B keeps stacked aluminium structures safe and properly organised, holding 2, 3 and 4-point trussing in the 290 mm format at a steady, even distance from one another. Built to protect your stock through every stage of storage and transport, it's fast becoming an essential fixture in any well-run truss inventory.
